Show & Shine Vista Jeep in Silverthorne Possible date June 25th, 2011

Traci will get in touch with Vista to see if they would be willing to host the event again this year. She will also contact the Boy Scout troop and see if they can get the Big Red Bus for the event. Shane & Jesse would like the "Bounce House" too. We are also going to check and see if the boy scouts can do food sales and maybe the Club can pitch in for some hot dogs and such.

5. Open Discussion

Traci sent out an email prior to the meeting regarding a lawsuit against the USFS, Pike & San Isabel National Forest. If you did not receive this email please let Traci know and she will forward it on to you. In short it is a lawsuit that has been filed by an environmental attorney and a group of "Tree Huggers" and the possible closing of some roads in Park County that have been added to maps etc. Their platform for insisting on closures is "no environmental impact study" was done on these roadways.

Traci is still looking for more information regarding this.

It was brought up at the meeting that we should come up with some type of form letter that we can use as individuals to send to the appropriate people to voice our opinions and opposition to these matters.
